

Securities-Based Lending

A Complete Solution for Bank Trust Departments

Securities-based lines of credit (SBLOCs) are growing in popularity compared to other forms of consumer credit because of their convenience (it takes less than five minutes to apply), flexibility, fast approval process (between 24-48 hours) and low interest rates.

For fiduciary professionals, SBLOCs provide a tax-efficient way to help clients finance a range of short-term liabilities, including payments to beneficiaries, annual gifts, large purchases, annual donations or business financing. With a fully automated end-to-end process, our Loan Management System provides trust departments the ability to satisfy a range of needs with a single, unified client experience.

Program Advantages

Our Loan Management System (LMS) provides trust departments the following benefits:

Automation

Our Loan Management System (LMS) is an end-to-end solution that automates the entire origination, underwriting and collateral monitoring process.

Flexibility

LMS has a modular design that can be configured to support your unique business needs and integrate with both internal and external systems seamlessly.

A Competitive Edge

LMS provides trust departments with a comprehensive “wealth management” offering, including best-of-breed securities-based lending capabilities, that can help attract and retain experienced financial advisors.

Support

We have the industry experience, network of third party lenders, wholesale product training and experienced in-field sales professionals to grow and support your business.

Security

We maintain policies and procedures designed to meet privacy and data security needs of our clients.

Scalable Advisor Recruiting

LMS automates the transition of existing pledged accounts. Trust Departments can now simplify the recruiting process, seamlessly on-boarding advisors and their clients.

How It Works

Our **Loan Management System (LMS)** is a turn-key lending platform that is intuitive and simple to use. LMS is modular by design, providing unparalleled flexibility to operate as a complete stand-alone system or integrate with external providers.

With a configurable and branded interface, trust departments can quickly identify accounts, evaluate portfolio collateral, price loans and generate pre-populated loan applications for their clients within minutes. Once the application is complete, LMS then streamlines the underwriting process, including AML on demand, credit scoring, collateral review, e-signature and exception processing.

Why R&T + TBS?

For trust departments looking to better serve the unique credit needs of their clients and attract and retain top trust officers, we offer a complete solution.

R&T Deposit Solutions (R&T) and Total Bank Solutions (TBS) successfully completed a planned business combination in 2022. Together, the combined firm provides banks, credit unions, wealth managers and trust institutions with a comprehensive selection of products and services, designed to meet their unique cash sweep, deposit funding and securities-based lending needs.

Reich & Tang Deposit Networks, LLC, Reich & Tang Deposit Solutions, LLC, Stable Custody Group II LLC, Total Financial Solutions, LLC (d/b/a Total Bank Solutions) and/or any of their affiliates (together, "us", "we") provide administrative and/or recordkeeping services to participating financial institutions with respect to sweep and other programs we administer, including Demand Deposit Marketplace (DDM®), Reich & Tang Insured Deposits (RTID®) and Total Bank Solutions® Insured Deposit Program (IDP), as well as other services. We are not a depository, bank or credit union and **the sweep and other programs we administer are NOT, themselves, FDIC-insured or NCUSIF-insured products.** Rather, under the programs, funds are swept or placed in accounts at receiving institutions that are FDIC and/or NCUSIF insured, subject to program limits. [Click here](#) for a list of the banks and savings associations with which we have a business relationship for the placement of deposits under the programs we administer, and into which a participating institution may place deposits (subject to the terms of those programs and any opt-outs by the participating institution and/or their customers). FDIC and NCUSIF insurance coverage is only available to protect a depositor against the failure of a participating FDIC or NCUSIF insured institution that holds the depositor's funds (and not to protect against the failure of any other party, including us). The services we provide with respect to the programs administered by us are primarily designed to provide administrative convenience for our financial institution clients to offer expanded FDIC or NCUSIF insurance on customer funds, and are not designed to provide customers with investment enhancements, or higher rates of returns or profits on their funds. All of our services are provided subject to the terms and conditions of the written agreements entered into by us with respect thereto, and we provide no representations or warranties, express or implied, except as expressly set forth in those agreements.
